School Board Authorizes Revision of Audit System

The Albany Board of Education today is taking steps to revise and improve its auditing system in response to several recommendations made as part of the district's first annual audit under a new State law.

The Board Tuesday night studied an audit report of the school books, records and financial transactions covering a year's period as prepared by the accounting firm of Mendleson and Kerr.

William Kerr of the auditing firm explained that the district's bookkeeping system was "antiquated and not workable." However, he said accounting records were generally well maintained and the audit disclosed exceptionally few errors in recording and no irregularities in the handling of cash receipts or disbursements.

On a motion of Dr. Philip Meads, the Board moved to comply with the recommendation to install adequate bookkeeping machine equipment and authorized Dr. Paul C. Bryan, superintendent to investigate the various types of machines.

The Board also voted to increase the amount of bond carried on the assistant superintendent and director of recreation from $2500 to $10,000.

The measure was approved on recommendation of Kerr, who said he wouldn't question the honesty of any individual but suggested the increase for the protection of the district.

In other action, the Board appointed eight new members to the Advisory Committee for a total of 26. They are Paul Claderhead, Charles Hatcher, Mrs. William Crooks, William McGimpsey, Leon Schultz, F. K. Crouch, Charles Pinkham and Charles Shaw.

Dr. Bryan was authorized to obtain an estimate of cost for portable bleachers for Albany High School. He said the district had borrowed bleachers from St. Mary's College High for the past several years.

Members were hosts to a group of Albany's "young old-timers" at a reception last Sunday at Albany Community Church.

Blank Coins New Word -- 'Kathyism'

Albany voters—from all indications—will have the final authority in deciding the controversial civic center issue providing the site is still available when legal machinery is untangled.

Councilman Jerome Blank Monday night stated that a special election will be called in the event Councilwoman Mrs. Kathie Zahn's referendum gathers the necessary 960 signatures to force the issue on the ballot.

Councilman Blank also proceeded to lambast Mrs. Zahn for her opposition to the land purchase and other projects she has opposed during the past years.

Blank coined the phrase "Kathyism—is fanatical opposition to all progress" in rebuttle to a barrage of charges made last week by Mrs. Zahn during a debate on the proposed civic center.

Future action on the center hinges on, first, the success of Mrs. Zahn's petition; next, on the outcome of a special election which Councilmen say they will call if Mrs. Zahn gets the required number of signatures.

Then, the matter further hangs on whether the land the Councilmen seek to acquire is still available by the time the proceding steps have been taken.

Mayor Lewis Howell said Monday night that the Albany Eagles, which currently own the three lots in question, have a 60-day option on a building site for its clubrooms. In order to buy this land it must dispose of the Solano Ave. property immediately.

At the request of Blank, the Council voted 4-1 to send a letter to the real estate firm of Lee B. Sutliff Co., who is handling the property for the Eagles, informing them that the city is going ahead with plans and has no intention of giving up the option.

A 60-day option taken on the three lots will expire about the end of this month.

Sharply criticising the Council for what she termed "high pressuring action," Mrs. Zahn warned, "you don't want a vote of the people because you know it will be defeated."

Blank challenged Mrs. Zahn to debate the civic center issue over radio station KRE Thursday evening, and said the station's management as offered 30 minutes of free time for the purpose.

Mrs. Zahn said that she could not accept Blank's offer until after December 21, because she was too busy with her referendum. "However, after December 21," she replied, "you can go ahead and arrange it."

The Junior Choir will then present "The King and the Star," which tells how Christmas and Santa Claus came to the little city of Maruzel through the King's faith and prayers.

Council Hires New Sanitation Officer

The Albany City Council has approved the appointment of Arthur B. McIntyre, 25, of 3 Kenyon Ave., Kensington, as deputy health officer. He will fill the vacancy created through the resignation of Howard McMillan two months ago.

The new sanitation officer, a 1951 graduate of the University of California School of Public Health, will receive a starting salary of $457.50 per month plus a $35 monthly car allowance.

Councilwoman Mrs. Kathie Zahn opposed the appointment but "not for personal reasons," she said.

She warned that the salary was "to high and was $6.50 a month more than the Albany police inspector gets." There is no comparison between the jobs, she declared. The inspector sometimes has to work 24 hours a day, while the sanitarian makes on the average one inspection a day.

Mrs. Zahn held that "it is not good for the morale of other cities or our own employes" paying a high salary just to get a man.

At the request of City Health Officer Dr. Robert T. McMahon, the Council cut his salary $50 two weeks ago and added it to the deputy's wages in order to attract "better qualified personnel."

Mrs. Zahn warned that the city would have to make up the $50 difference should Dr. McMahon resign.

TV NEWS

By MILT BLANCHARD

Jo Stafford, the popular recording songstress, is set for a 15-minute turn on television each week, alternating with Perry Como and Jane Froman, old hands in the TV parade. Miss Stafford makes her entry early in January.

The long awaited original television drama by playwright Robert E. Sherwood will hit the home screens in a few weeks. Called "The Backbone of America," it's something of a comedy, according to reports, about ordinary people and how they react to a high pressure promotional stunt. The show will run for one hour, and is only the first in a series slated to come from Sherwood's pen in the future.

Notre Dame's late season game with the University of Southern California provided a test for "pay-as-you-see" television. The only people who were able to receive the telecast of the game were the TV set owning residents of Palm Springs, California, who dropped $1 into a collection box attached to the set in order to get the picture, which was sent out over closed circuit wires.

Some experts predict that "pay-as-you-see" television of big events, first run movies, etc., will play an important part in video's future. But you don't have to "keep paying to see TV today . . . unless you run up needless renair bills through repeat service calls. Our factory-trained servicemen will find the real trouble the first time—and put it right. For service that lasts, call SKIP'S RADIO & TELEVISION SERVICE, 1553 Solano Avenue, in Albany. Phone LAndscape 5-4313.

Festival of Christmas Trees In Progress at Hotel Claremont

The third annual "Festival of Christmas Trees," staged by the Branches of Children's Hospital of the East Bay, opened yesterday and will continue through Sunday at the Hotel Claremont.

Viewed last year by nearly 5000 enthusiastic spectators, the show this year is featuring more than 125 small trees—none more than three feet high and all beautifully decorated.

Mrs. W. Harold Oliver, general chairman of the Branches, has announced that the trees will be on display throughout the various L's and corridors of the mezzanine between the hours of 10 a.m. and 10 p.m.

Admissions to the display as well as sale of the trees will benefit the hospital. The admission fee for adults between 10 a.m. and 1 p.m. is 75 cents, and from 1 p.m. until 10 p.m. closing is $1.00. Children are admitted for 25 cents. Tickets will be available at the entrance to the exhibit.

In addition to trees contributed by talented members of the hospital's branches, many friends of the hospital are also donating decorated trees for the occasion. Included in the list of donors are artists in fields of handcrafts and painting, radio and TV personalities, educators, civic leaders, florists, decorators, newspaper people, professional persons, florists and commercial firms.

The trees will be sold, and proceeds from sale of trees as well as from admissions will benefit the hospital.

"This exhibit has been acclaimed by all who have seen it in previous years as an outstandingly beautiful and original collection of Christmas trees," Mrs. Oliver said. "We hope that many persons will plan to see it this year—and bring their friends."

In Memoriam

IN LOVING MEMORY of Samuel S. Locke, who passed away December 15, 1952. To love is to remember. Sadly missed by his wife, Mary, and children, Marjorie and Robert.

Nancy Layman, John Liggett Recite Vows

Home after honeymooning at Lake Tahoe and Yosemite are Mr. and Mrs. John E. Liggett (Nancy Lucile Layman), who recited the nuptial vows November 18 in a candlelight service at the El Cerrito Community Methodist Church. The Rev. Robert Tarr officiated at the double-ring ceremony.

A reception followed the ceremony at the home of the bride's parents, Mr. and Mrs. Alban J. Layman of 1623 Liberty St., El Cerrito, where some 60 friends assembled to congratulate the justweds.

The new Mrs. Liggett was graduated from Albany High School in 1951 and attended West Contra Costa Junior College in Richmond, where her husband was also a student. She is employed in the engineering research department at the University of California.

Assisting her sister as bridesmaid was Linda Layman, and the best man duties were performed by George Ross of Oakland.

The groom, son of W. F. Liggett of Oakland, is a private in the U.S. Army and is now en route to New Jersey for a new assignment.

Past Presidents Set Christmas Luncheon

The Past Presidents' Parley of the Albany Legion Auxiliary will hold their annual Christmas get-together at a luncheon Sunday, 11 a.m. at the El Nido Rancho in Lafayette.

Members of the parley, whose work in the unit is to further the rehabilitation of hospitalized veterans, will exchange presents during the party, according to Mrs. Margaret Hanahan, chairman.

Communicated

December 9, 1953

To the Citizens of Albany.

For several years, we—like many other citizens of the City of Albany—have been aware of the fact that the city-owned buildings are inadequate. They do not conform with present accepted standards and are antiquated to such an extent that any major remodeling that would be necessary to improve them would be a waste of money. We would like to take this opportunity to briefly discuss this situation with you so that you may fully understand the problems involved.

The present City Hall located at 1045 Solano Avenue was built in 1915 when our population was approximately 1500 people. The census for the year 1950 showed 17,590 people living in our City and, today, after the continuous influx of people into our State, we have probably reached a population of approximately 19,000.

It is certainly understandable why the City Hall, built 38 years ago for 1500 people would be inadequate in serving a city whose population is now 12 times that number. Today, lack of proper office space antiquated facilities and inadequate storage space for records, etc., are a few of the many reasons why something must be done.

The Fire House located at 801 San Pablo was built to house 8 men while today a personnel of 20 men share these same cramped quarters. The building was condemned several years ago as being unsafe.

The Police Department located at 805 San Pablo is a converted dwelling which was moved to the present location several years ago. Both the Police Department and the Jail located in the rear are inadequate and fall far below accepted standards.

The buildings now used by the Recreation Department and the Pre-school located at 850 Masonic Avenue were built in Berkeley approximately 25 years ago as temporary structures. After much use and abuse, they were bought by the City and moved to their present location.

In an effort to find a solution for this problem, we have for a long period of time seriously and conscientiously entered into discussions with the Planning Commission, individuals and interested groups. Finally, during the budget meetings which were held in June and July of this year, we were happy to find that we would be able to set aside $35,000 to be used for the purchase of a site for a Civic Center without any increase in the tax rate. This action was approved by all members of the City Council.

Mr. George Hoyt, a member of the Albany Planning Commission, was asked to make a survey of the City of Albany for a suitable location. Mr. Hoyt is a professional appraiser with many years of experience in the Bay Area. The Albany Planning Commission was also asked for their recommendations.

After a very thorough survey of the City and many discussions with other specialists in the field, Mr. Hoyt, in a letter to the City Council dated October 26, 1953, recommended a site located at the north east corner of Solano and Evelyn Avenues. The Albany Planning Commission unanimously recommended the same site. The major reasons for the selection of this site are as follows:

(1) It is approximately the geographical center of Albany.

(2) It is the only suitable vacant land obtainable and thereby would cost the least money.

(3) All City departments could eventually be located in this centralized location.

(4) I would remove the Fire and Police Departments from San Pablo which, as you know, has a very heavy traffic condition.

(5) The City now owns 10,000 square feet of property at 850 Masonic Avenue now being used by the Recreation Department and Pre-school. This property is directly adjacent to the proposed site.

It is our intention to budget additional money, if available, at next year's budget meetings. This money would be used to purchase nearby additional property as needed. In this manner sufficient space would be acquired for a modern and adequate Civic Center. Our present plans do not include the purchase of any property which is already built upon. Later, the building program would be started.

When the planned building program gets under way, then the property now being used by the Fire Department, Police Department and the City Hall could be sold for a considerable sum and this money applied to the cost of the building program. Also, the property now in use by the above mentioned department would be placed back on the tax rolls.

With these facts in mind, the City Council, at a recent meeting, initiated the purchase of a single plot of land consisting of 6 lots, each measuring approximately 25 ft. x 100 ft. on the north east corner of Solano and Evelyn Avenues. The total cost of this property was $33,500, leaving a balance of $1,500 in our budget for additional property purchase.

We know that petitions are being circulated, presumably for the purpose of placing the purchase of the Civic Center on the ballot. This action is not necessary. In fact, if the petition is successful in obtaining the proper number of signatures, a special election will have to be held at an additional cost of $3,500 to the taxpayers of Albany in order to complete the purchase of the land while it is still available. This needless expense and effort is not required. You can help by discussing this situation with your friends and neighbors.

It is our sincere aim to provide for the citizens of Albany a Civic Center that they will be proud of and yet one that will not have any needless frills or cost any more than necessary. We feel that you as a citizen and taxpayer should know what we are planning for the future growth and development of your community.

We will be very happy to discuss any questions you may have and sincerely hope that you will feel free to call us for any further information.

Very sincerely,

Mayor Lewis M. Howell
Councilman Jerome Blank
Councilman Edward E. Combs
Councilman Wm. T. Donahue
